**Monday March 1, 2010 (Lunch provided)**

***Registration at 8:00 Workshop begins promptly at 8:30***

**MIAA Offices, 33 Forge Parkway, Franklin, MA 02038**

## ***Who should attend?***

School administrators, wellness coordinators, athletic directors, coaches, teachers, school nurses, guidance counselors, food services staff, activity group leaders, and **anyone** interested in preventing the tragedy of sudden cardiac arrest, and becoming CPR/AED certified.

## ***Workshop Presenters***

Anna Burns, Program Manager, Heart Screen America

Dennis Vetrano, RN Channel Manager  
Philips Medical Systems-Resuscitation

Program fee of \$60.00 includes lunch, manual, certification, and face shield.

**10 PDP'S are available for individuals who attend 3 or more workshops.**

## **Workshop Description**

We often read about the young student athlete who collapses on the field or court during a practice or game. In fact, sudden cardiac arrest (SCA) claims over 350,000 people every year in the U.S., including 14,000 children and young adults. SCA is the nation's leading cause of death and claims 1 in 2 men and 1 in 3 women. Heart problems often go undetected until it's too late.

It is after hours, the nurse has left for the day. Someone's life depends on you! Do you have the knowledge and skills to save someone's life? CPR protocol has changed in the past coupled of years. Are you in need of an update? Would you know how to use an AED in an emergency situation?

Learn how your school can implement effective life saving strategies.

## **Workshop Topics**

- Increasing heart health awareness in your school
- Preventing tragedies using heart screening
- Developing Emergency Action Plans to make schools more safe
- Learning CPR and AED protocols and procedures
- CPR and AED certification

**Wear comfortable clothing!! See flip side for registration information.**
