MIAA FOOTBALL TOURNAMENT

Time and Date of Games

Time and date of games are determined by the MIAA Football Committee and are designated on the following pages.

Contingency Plans for Thanksgiving Day Weather Postponement

The changes below will be administered by and subject to the discretion of the Tournament Director, Tournament Chair and Football Executive

1. If Thanksgiving games were to be re-scheduled to Friday due to inclement weather, then:
 - Nothing changes in the Playoff system schedule
2. If Thanksgiving games were to be re-scheduled to Saturday due to inclement weather, then:
 - Semi-Final Games would move from Tuesday to Wednesday at 5:15pm and 7:45pm
 - Finals would move from Saturday/Sunday to Sunday/Monday
 - If Thanksgiving games were to be re-scheduled to Sunday due to inclement weather, the Football Committee would determine a revised schedule. No games will be permitted beyond December 13th, 2009.

SAT's-College Board Exams

MIAA Football Superbowls will be played December 5, 2009. This is also the College Board exam date. All prospective playoff teams should advise participants to schedule their college boards on an alternate date.

Site of Games

The sites have been determined by the MIAA Football Committee; if a team refuses to play at a given site, the next eligible team in that league will be selected.

In all sectors of the State, Playoff & Superbowl Games are intended to be played at neutral sites, however when a site has been established and the member school is a participant it will be played at their home site. To be clear, examples of established sites that have been utilized in past football playoffs include, Lowell High School, Arlington High School, Wachusett High School, Auburn High School, Reading High School, etc. In these cases when the playoff sites are established and that school qualifies, a home site is honored.

Tie Games in Semi-finals and Finals

The MIAA tiebreaker system below will be used in Divisional Playoffs as well as all Superbowl Finals.

Immediately following the conclusion of the 4th quarter, the teams will go to their team area for two minutes.

The officials will escort the captains to the middle of the field for the coin toss. The winner of the toss will choose one of the following options: (1) offense or defense; or (2) which end of the field shall be used in all series of the overtime period (10-yard line).

Each series shall begin at the ten-yard line unless a penalty overrides. First down chains will not be used. It is always goal-to-go. If penalty enforcement calls for an automatic first down, it will be first and goal.

For the first and subsequent tie breaking periods, any team that scores a touchdown must attempt a two point conversion by run or pass from scrimmage.

If there is a change of team possession during the last play of an overtime period (second series), live ball fouls by opponents of the team last gaining possession, that occur after the change of possession, gives the team in possession the option of putting the ball in play, where the penalty leaves the ball, for one down free of penalty or penalize as a dead ball foul at the succeeding spot in the subsequent overtime period. This option is exercised only if the team last gaining possession is free of foul during the down.

Example: Second Series - Team B intercepts Team A's pass and, during Team B's run back, Team A commits a personal foul.

Ruling: Team B has the option of extending the overtime period for one down free of penalty, with Team B putting the ball in play where the penalty leaves the ball, provided Team B has not fouled during the down. Or Team B may choose to penalize as a dead ball foul at the succeeding spot in the subsequent overtime period. (NCAA Rules: Section 3-1-3-d, 3-1-3-e, 3-1-3-f 3-1-3-g-1)

Practice on Playing Site

*Practice opportunities may be available at the Divisional Final game site. Qualifying teams are invited to communicate with the Site Administrator subsequent to site assignment. **Gillette Stadium will not be available as a practice site.***

Number of Players Allowed

The number of uniformed team members eligible for playoffs and/or superbowls may vary based upon the following requirements: All athletes have been declared eligible by their High School Principal. Only athletes who dress regularly as a member of the varsity team may be on the post season squad and only uniform players will be allowed on the sidelines.

Contingency Plans for Playoff/Superbowl Postponements:

The last playable date for Semi-Final playoffs will be Saturday, December 12, 2009. In the event we exceed the semi-final deadline date, we will revert back to a single round format.

The final date to play any MIAA Superbowl game will be Sunday, December 13, 2009. **Tie Breaking Process – Seeding**

If there are league co-champions or multi-champions, the selected league representative shall be determined in the following manner: (1) the league will determine their representative by using their league tie-breaking rule; or (2) if the league does not have a tie breaking process, the following procedure will determine the league representative; follow the order below, eliminate all the teams you can at each step of the criteria, after eliminating all possible teams at that criteria level, revert back to step one and continue the same process until you are only left with one team.

1. Head to head competition
2. Fewest League losses
3. Most League wins
4. Eliminate last two (2) calendar year Super Bowl participants
5. Coin flip

Please note: In every case a school to be considered for tournament participation must be eligible by all MIAA rules and regulations.

Intent to Enter

The Intent to Enter Form for football has been eliminated. Each league notifies the MIAA of the team that will represent them in the Superbowl by 3:00 p.m. on Thanksgiving Day. Upon notification the eligible team will be required to certify eligibility of their team.

Film Exchange

Schools may make available to their opponent's films or tapes of any two of their games that the opposing coach desires. If one of the teams does not take game films or tapes, there will be no exchange.

Site Administration

Jersey colors, selection of benches, etc., will be determined by the MIAA Football Committee.

Official Ball

The MIAA and Spaulding Sports Company have agreed that *any model* from the Spaulding J5V football will be the official ball of the football play-off series and will be used at all Super Bowl sites. Only the J5V will be used. Our thanks to Spaulding for its support of the MIAA, as represented by this agreement.

Game Length

Playoffs and Superbowls will be 10 minutes per period. It is also REQUIRED by the Football Committee that teams in contention for playoff births be limited to play 10 minute periods in their Thanksgiving game.

Medical Coverage

A game will not start unless an MIAA assigned physician, licensed athletic trainer or certified EMT is present. In the event of an accident or injury to a player, that medical person will make the final judgment as to whether a student athlete may continue. In playoffs, the Home team is responsible to provide a Licensed Trainer, Doctor, EMT and the visiting team is welcome to bring their Trainer, Doctor or EMT. In MIAA Superbowls, the MIAA will provide Medical Coverage.

Sports Medical Committee Requirements:

1. All playoff and superbowls must be played on artificial turf
2. An equipment review must take place for safety compliance prior to post season play
3. There be allowed a maximum of eleven (11) regular season games - No team seeking post season play may schedule the Saturday before Thanksgiving.
4. Each team qualifying for post season play will be required to follow the "established" Sports Medicine Committee practice schedule which will be made available upon qualification.

In the event of postponements for December 5, 2009, Sunday, December 6th must be reserved on school calendars for postponed games to be played. Conflicts with student activities will not be honored.

EMASS FOOTBALL TOURNAMENT
