LTC 630

Athletic Administration: Interscholastic Contest Management –
Planning, Preparation and Methods

This course examines the historic foundations and precedents for contest management as an extension of educationally sound sports programs. Planning methods for contest management are examined including selection of supervisory personnel, suggested need assessment tools, and checklists for the development of supervision plans and policies. In addition, an overview of methods is suggested for creation of an educationally sound competition environment among players, coaches, students and other spectators. Course appendices provide assessment tools and examples of contemporary management practices. These tools are also contained on an attached compact disc for local reproduction, discussions and planning. Enrollees who will derive the greatest benefit: Administrators seeking to increase knowledge of event planning methods in order to develop policies, enhance safety and provide assessment surrounding contest management.

MAKE CHECKS PAYABLE TO MSSADA:
