Dear Basketball Fans,

In preparation for the upcoming high school basketball season, the MIAA Basketball Committee is pleased to share the latest edition of its annual preseason newsletter. This publication is designed to provide helpful information relative to the basketball season and tournament, as well as serve as a supplement to the MIAA Basketball Tournament Format.

Since the end of last school year, several changes have taken place within the MIAA Basketball Committee leadership. Jim Peters concluded five years of service as an Assistant Director at the MIAA Office and liaison to the Basketball Committee. In addition to his time as an MIAA Assistant Director, Jim has been an outstanding advocate for the sport throughout the 10+ years that he served as a member of the MIAA Basketball Committee, Committee Chair, Board of Directors and MIAA President. MIAA staff members Peter Smith and Keith McDermott will assume the role of liaisons to the Basketball Committee for the upcoming season.

In addition, current Matignon High School Athletic Director Michael Lahiff concluded over 14 years of service as a member of the MIAA Basketball Committee, including the past 5 years as Committee Chair. Michael’s leadership on the committee was instrumental in several initiatives including the development of four statewide divisions for the MIAA Basketball Tournament and the development of the MIAA Basketball State Championship “Road to Springfield.” At the most recent MIAA Basketball Committee meeting, St. Mary’s High School (Lynn) Athletic Director Jeff Newhall was elected to serve as the new Chair of the committee.

This coming season also brings an update regarding the Road to Springfield. After discussion with partners in Springfield, it was mutually agreed upon to postpone hosting the basketball state finals in Springfield for this year. The MIAA Basketball Committee and staff are extremely grateful for the outstanding partnership with everyone involved in creating such a special tournament experience for participating students and schools over the past three years including the Western MA Sports Commission, Mayor Domenic Sarno and Tom Burke. During this timeframe, 48 school teams from across the state participated in MIAA Basketball State Championship games at the “Birthplace of Basketball” thanks to this great partnership. Updates regarding the 2019 state championship games will follow in the coming months.

The following pages contain helpful information to assist in planning and preparation for the 2018-19 season. Please do not hesitate to contact your local representatives on the MIAA Basketball Committee (see page 8) or the MIAA staff with additional questions or assistance. Best wishes to all for a great basketball season and MIAA Tournament experience during the coming months.

Important Dates

November 26, 2018
First Practice Date

December 6, 2018
First Contest Date
Game Exclusion Forms Due

March 7-9, 2019
Sectional Finals

March 12-13, 2019
State Semi-Finals

March 15-16, 2019
State Finals
At the October meeting of the MIAA Basketball Committee, the topic of the “fist bump” between officials and student-athletes during the postgame handshake was discussed. This topic was one of the items initially reviewed by a subcommittee that met over the summer. The Basketball Committee confirmed the postgame handshake protocol as stated in the MIAA Sportsmanship Post-Game Handshake Tool-Kit below:

From the MIAA Sportsmanship Post-Game Handshake Tool-Kit (page 3)

**EXPECTATIONS OF GAME OFFICIALS**

Beginning with the fall season of 2008, Officials will be required to remain at the team competition site until the handshake ceremony has concluded. Such an initiative was adopted many years ago in the sports of Ice Hockey and Soccer and this procedure has elevated the educational culture and climate of these sports.

**PRE-GAME:**
Welcome team captains followed by required message (ref. Official’s Pre-Game Meeting with Captains)

**POST-GAME:**
**Minimum Requirement:** Presence of Game Officials in close proximity to handshake line

**Enhanced Participation (optional):** Presence and participation in handshake with coaches and student-athletes

Contest officials have no additional responsibility for an activity resulting from the handshake ceremony, but rather are observers of that ceremony:

- **Head Coaches** (and not game officials) are responsible for their teams and student-athletes during the handshake ceremony

- **The Contest Site Manager** (most often the home team Athletic Director) and School Administration are responsible for spectator decorum at the venue.

Any unsportsmanlike behavior following the conclusion of the game may be penalized consistent only with MIAA Sportsmanship Rule 49.8, Page 50: “Fighting and unsportsmanlike conduct penalties will be within the authority of the official at all times at the contest site. The official’s authority extends to pre and post-game oversight.”

As always, common sense prevails. If a game official or game site administrator feels that this initiative should not be followed due to concerns which arise during the contest, or with crowd control issues, the handshake protocol may be suspended. The form developed for this circumstance must be completed. (ref. Sportsmanship Handshake Report Form.)

**A Review Committee**, under the jurisdiction of the Sportsmanship Committee will be charged to follow up on post-game handshake suspension reports.
SITUATION 1:
A1 is dribbling the ball in frontcourt near the division line when B1 taps the ball away. The ball rolls into the backcourt where A2 is standing. A2 picks up the ball while in backcourt and starts a dribble.
RULING: Legal play. The ball rolling on the floor when it crosses the division line has backcourt status; therefore, either the offense or the defense can recover the ball. (9-9-1 EXCEPTION)

SITUATION 2:
A1 is straddling the division line when the ball is deflected by B1 into the backcourt. A1 is able to reach out and take possession of the ball while still straddling the division line.
RULING: Legal. A1 is in the backcourt and maintains that status when she takes possession of the deflected ball. Because A1 is in the backcourt, the official must start a 10-second count and maintain the count as long as the player is in the backcourt and in possession of the ball. (9-9-1)

SITUATION 3:
A1 throws a ball from the sideline, near the division line. A2 catches the ball while straddling the division line, fumbles the ball into the frontcourt and recovers the ball with one foot still in the backcourt.
RULING: Violation by A2. While in player and team control in backcourt, a player shall not cause the ball to go from backcourt to frontcourt and return to backcourt, without the ball touching a player in the frontcourt, such that he or a teammate is the first to touch it in the backcourt. (4-21, 9-9-2)

SITUATION 4:
Players scramble for the ball with A1 touching the ball and the boundary line.
RULING: A1 has created a violation by touching the boundary line and the ball at the same time, causing the ball to be out of bounds. Team B shall be given the ball at the spot nearest to the violation. (7-1-1, 7-1-2, 7-2-2, 9-3-1)

SITUATION 5:
The ball is thrown from Team A’s own end line on a throw-in towards the division line. Offensive player A1 deflects the ball into the backcourt.
RULING: The ball may be recovered in backcourt by the offensive team without creating a violation. (9-9-1)

SITUATION 6:
A1 has tucked the bottom of his/her shorts into the tights being worn.
RULING: Illegal. The referee shall not allow the player to enter the game or direct the player to leave the game until the shorts are removed from inside the tights. After making the correction, the player may re-enter the game at the appropriate time for a substitution. The uniform should be worn as the manufacturer intended it to be. (3-5-5)

SITUATION 7:
Substitute A6 reports to enter the game to replace A1. A5, already in the game, is wearing a beige compression sleeve on her/his arm and leg. A6 is wearing a black headband and wristbands.
RULING: A6 is not allowed to enter because the rule requires all teammates to wear the same allowable color sleeves, headbands and wristbands. No penalty is involved. A6 simply cannot participate until the color restrictions are corrected. (3-5-3)

SITUATION 8:
A loose ball is on the floor and A1 dives onto the floor and secures the ball while on her/his stomach. A1 then (a) rolls over, sits up and passes the ball; (b) while on her/his stomach passes the ball to a teammate.
RULING: Illegal in (a) to roll over from the stomach; (b) legal action for the ball to be passed from that position. (4-44-5b)

SITUATION 9:
During warm-ups, the officials notice that some players have rolled the waistband on their shorts. What actions should be taken by the officials, if any, at this time?
RULING: During the warm-up period, the referee should notify the coach of the infractions and ask that they be corrected immediately. If the corrections are not made and players attempt to enter the game with rolled waistbands, those players should not be allowed to enter the game prior to correcting the issue. If player(s) in the game have rolled waistband(s), they shall be directed to leave the game and may not re-enter until the next opportunity to substitute. No penalty is involved. The game should not be held-up to allow for the correction. (3-3-5, 3-5-5)

SITUATION 10:
The ball supplied by the home team does not meet the description of a ball with a deeply-pebbled, granulated surface and does not have the NFHS Authenticating Mark applied.
RULING: The referee shall make the decision on whether the ball meets the specifications to be used for the contest. The referee may select a ball that meets the specifications, even if it is one from the visiting team. (1-12-1c)

NFHS Basketball Rule Changes

1-12-1c: It shall have a deeply-pebbled, granulated surface with horizontally shaped panels bonded tightly to the rubber carcass.
Rationale: The additional words give manufacturers a better sense of what a deeply-pebbled cover should look like.

9-9-1: A player shall not be the first to touch the ball after it has been in team control in the frontcourt, if he/she or a teammate last touched or was touched by the ball in the frontcourt before it went to the backcourt.
EXCEPTION: Any player located in the backcourt may recover a ball deflected from the frontcourt by the defense.
Rationale: To ensure that a team is not unfairly disadvantaged on a deflected pass.
In preparation for the Season Schedule and Commitment due date on January 15, below are helpful reminders: Please note that the MIAA Board of Directors has approved Late Filing Fees/Penalties as posted on the MIAA website.

**Game Exclusions - Due December 6**
The Game Exclusion Form must be completed and received in the MIAA office by the close of the business day on or before the first allowable date for competition in that sport and is only required if you DO NOT wish to count the games towards tournament qualification. Game exclusions are posted on the MIAA website when received. Please click here for additional details or to check if your Game Exclusion Form has been received.

**Endowment Games - Due at least 15 days prior to the game**
The MIAA Endowment Game Program provides an opportunity for schools to schedule and play an additional game without the concern of impacting your seasonal record or tournament qualification. Endowment games are a great way for member schools and local communities to generate revenue for their school and support the MIAA Endowment Fund. Endowment game approvals are posted on the MIAA website when received. Please click here for additional details.

**Seeding Tiebreaker**
The MIAA Tournament Management Committee has worked on building consistency across Association sponsored tournaments. One item implemented for the 2018-19 school year is a consistent Seeding Tiebreaker Process for all sports.

Please see the updated seeding tiebreaker from page 3 of the MIAA Basketball Tournament Format:

**Tie Breaking Procedure**
1. Head to Head Competition
2. Most Wins
3. League Champion
4. Record Against Common Opponents
5. Coin Flip

If a tie involves multiple teams (more than 2) and a team is eliminated, the procedure starts over at step one with the remaining teams.

Beginning with the sectional semi-finals and through the state finals the official Spalding ball will be used and supplied by the tournament director. For Boys the Spalding TF1000 Legacy (74-7168) ball and for Girls the Spalding TF1000 Legacy (74-7358).

**Site Determination Policy**
The MIAA Tournament Management Committee has established a Site Determination Policy that is included in all sport tournament formats. This information is located on page 4 of the MIAA Basketball Tournament Format:

**Site Information:**
1. Early round tournament games: will be hosted by the higher seeded team through the quarter finals providing the site meets the sport specific quality standards.
2. Sectional Semi-Final and Final rounds: will be played at predetermined sites meeting the sport specific standards. This means that a team will play on their home field/site if that site has been predetermined as a tournament host.
3. State Semi-Final and Final rounds: will be played at predetermined sites. This means that a team may play on their home field/site if that site has been predetermined as a tournament host.
4. If possible, geographic consideration should be given to the sections participating in these games (vs. sectional rotation criteria focus).

* Predetermined sites will be published prior to each season’s tournament seeding meetings.

Tournament Directors welcome and encourage the consideration of schools in making facilities available for predetermined site rounds of play. Venue size, seating capacity, parking and safety concerns are all considerations when selecting predetermined sites. If your school is interested in hosting such games, please contact your sectional tournament director and/or the MIAA staff.
Revenue Sharing for 2019 Tournament

The MIAA Board of Directors has approved the Basketball Revenue Sharing Program again for the 2019 tournament. As in the past three years, revenue sharing will begin with the Sectional Quarter Final round games. Games conducted prior to this round of the tournament are managed by the host schools with no ticket or financial reconciliation required to the Association and all revenue remaining with the host school. This Board of Directors action has made an important financial impact on member schools and the Board is pleased to provide this financial benefit for member schools hosting MIAA Basketball Tournament games.

Court Storming

The MIAA Basketball Committee wishes to thank the Tournament Directors, tournament staff, school supervision staff and participating schools for their enhanced efforts in maintaining the safest possible environment at tournament venues. In addition to the Participating School Supervision Protocol (page 6 of the Tournament Format), the committee wishes to share the following guidance in their continuing efforts to monitor this topic:

- Spectator behavior expectations (and consequences) should be consistently communicated and applied throughout the season, beginning with our first regular season games and extending through tournament play. Student sections are ultimately the responsibility of each individual member school administration. Whether at a home or predetermined site, “Court Storming” is strictly prohibited. At no time, whether it is before, during, or post game, are spectators allowed on the playing court.

- Recommendations include 1.) The distribution of spectator expectations prior to the start of regular season and tournament play. 2.) Reinforcement of stated expectations throughout the tournament. 3.) Reminders through the school’s written communications (school/athletic handbooks, newsletters, etc.) and PA announcements at strategically determined times. 4.) Through placement of designated school supervisors at the game site, school leader visibility will prove to be the most effective deterrent.

- Prior to any level of tournament play, school leaders with any concern over potential spectator issues should address these topics with tournament/site staff as soon as possible. These concerns can also be addressed during a pre-game meeting between the site director and the designated school leaders.

Rule Change Proposal for Next Year

The MIAA Basketball Committee authored a rule change proposal that is currently being voted upon through the MIAA Rule Change Process. If approved, this rule change would be implemented next year, beginning with the 2019-2020 season. Please see the proposal below or click here to access the full MIAA Rule Change Proposal packet.

Proposal #10
Page 66
Part V, Rule 66: Basketball
By: MIAA Basketball Committee

Current Rule:
NFHS Basketball Rules 10-6-1: ...The head coach shall remain seated on the team bench, except: a. By state association adoption, the head coach may stand within the designated coaching box described in 1-13-2. The first technical foul charged directly or indirectly to the head coach results in loss of coaching-box privileges and the head coach must remain seated for the remainder of the game, except as stated in 10-6-1b,c,d and e.

Proposal:
If the head coach is charged with a technical foul (either direct or indirect), he/she will be allowed to use the coaching box and remain standing.

Rationale:
At their April 2018 meeting, the state basketball committee reviewed and discussed NFHS Basketball Rule 10-6-1, relative to the head coach restrictions for standing and utilizing the Coaching Box following a first direct or indirect technical foul. The proposal was initiated by Game Official representation, followed by full committee discussion.

As part of the MIAA Rule Change Process, MIAA Sports Committees, MIAA Administrative Committees, Presidents of MIAA recognized State Sport Coaches’ Associations, the Massachusetts Secondary School Athletic Directors Association (MSSADA) and MIAA District Athletic Committees (DAC) all have the opportunity to vote and provide feedback on proposals.

The MIAA Board of Directors will act upon proposals by May 15, 2019. The Massachusetts Interscholastic Athletic Council will act upon all proposals by June 1, 2019 and their decisions are final.
MIAA Basketball Awards

Each year as part of the MIAA Educational Athletics mission, awards are presented to teams and individuals who have demonstrated outstanding leadership, sportsmanship and dedication to the sport of basketball. Please see the following information for additional details about each of the award recipients for the 2017-18 school year, as well as how to nominate a team or individual for the upcoming season.

MIAA Team Sportsmanship Awards

This award is presented to one team per division for outstanding demonstrations of sportsmanship and respect during the basketball season. The awards are presented at the state finals. The nomination form for the 2019 MIAA Basketball Team Sportsmanship Award is located on page 7 of the Basketball Tournament Format and is due by February 15, 2019.

Girls Basketball - 2018 Recipients

Boys Basketball - 2018 Recipients

MIAA Basketball Coaches of the Year

The MIAA Coach of the Year Award seeks to recognize and honor “teacher coaches” who have had an impact on the lives of student-athletes, by encouraging them to succeed and by helping them develop self-confidence, ambition, a sound work ethic, and other skills or values necessary or helpful for success in their later lives. The recipients of the 2018 MIAA Basketball Coach of the Year Award are listed below. To submit a nomination for the 2019 MIAA Coach of the Year Award please click here. Nominations are due by Friday, March 29, 2019.

Boys Basketball

Robert Boen
Brockton High School

“My philosophy of athletics is that the players are learning lessons to help them face the challenges of life. We learn the value of teamwork, we learn to face pressure, we learn to persevere through difficulties and lastly, we learn how great it is to be part of something bigger than ourselves.”

Girls Basketball

Eric Le Vie
Bishop Stang High School

“Coach Le Vie holds attributes such as fair play, good sportsmanship, perseverance, initiative and striving for excellence, which are all vital to both individual and team success. Coach Le Vie also makes it a point to work on all these attributes throughout his seasons with his athletes. His leadership aims at developing the individual and groups physically, mentally, and spiritually through the sport of basketball. The individual and group are equally important to one another and principles are taught to help each student-athlete not only excel in basketball, but also in life.”
MIAA Basketball Awards

MIAA Sherman A. Kinney Award

Karen McDonald  
Teacher/Coach/Official/Tournament Director

This award honors Sherm Kinney, who passed away in 1999 after serving the MIAA in an executive capacity since its inception. Kinney left a legacy of integrity, honesty and sportsmanship, and the award is intended to recognize an individual who reflects those values and has made outstanding contributions to the sport of high school basketball. The 2018 MIAA Sherman A. Kinney Award Recipient is Karen McDonald.

Karen began her professional career with high school basketball over 43 years ago, when she became a basketball official. Karen continued officiating at all levels of high school and collegiate basketball. She was a long-standing member of the South Suburban Board of Officials, serving as a member and officer, including Board President. After retiring as an official in 2009, Karen remained involved as an observer at the high school and collegiate levels.

Karen spent her entire 36-year teaching career at Abington High School as the Physical Education and Health Instructor. During this time she also coached youth and high school basketball and tennis. It was during this time, in 1987, that Sherm Kinney hired Karen to be the MIAA Girls’ South Basketball Tournament Director. 13 years later Karen took over the boys’ tournament as well and successfully managed one of the largest MIAA tournaments. To nominate an individual for the 2019 MIAA Sherman A. Kinney Award please click here. Nominations are due by February 8, 2019.

MIAA Basketball Officials of the Year

The MIAA Official of the Year Award seeks to recognize and honor officials who have displayed character, integrity and dignity, while displaying the highest standards of ethical conduct. Award recipients have a record of exceptional performance, as well as a reputation, among their peers and the athletic community, for fair play, for good sportsmanship, and for the development of these attributes in our student-athletes. The recipients of the 2018 MIAA Basketball Official of the Year Award are listed below. To submit a nomination for the 2019 MIAA Official of the Year Award please click here. Nominations are due by March 29, 2019.

Girls Basketball

Renee Tourigny  
North Central Mass IAABO #44

“My philosophy of athletics is effort. Effort is the one thing an athlete can have complete control of. Effort reflects the commitment to be successful both on and off the court/field. Effort is to train well, practice well, and prepare well. Effort is to motivate your team to play and to be completely dedicated. Effort is wanting to be there. Effort reflects attitude which glues a team together. As the saying goes, “There is no “I” in team,” it’s individual effort which makes a team, a successful team.”

Boys Basketball

Derrek King  
Eastern Mass IAABO #27

“Athletics are a tool to bring kids together for them to build friendships, character and respect for one another that can last a lifetime.”
