

Q4 Briefly describe your greatest concern for the 2020-2021 school year related to COVID-19:

Answered: 248 Skipped: 29

MIAA COVID-19 Task Force Survey

#	RESPONSES	DATE
1	The return of teachers.	7/2/2020 2:59 PM
2	Ability to get all students in our schools for in-person instruction.	7/1/2020 2:21 PM
3	safety	7/1/2020 9:55 AM
4	Transportation - social distancing implications; implementation of hybrid model and what that looks like for students and staffing; consistency of surrounding districts for hybrid model	7/1/2020 9:27 AM
5	Scheduling classes that will maintain smaller class sizes	6/30/2020 9:14 PM
6	We wont be able to afford all of the new changes, especially not receiving state funding	6/30/2020 11:21 AM
7	Having additional school closures due to returns of COVID-19.	6/30/2020 10:49 AM
8	xxx	6/29/2020 7:50 PM
9	A second shutdown	6/29/2020 7:49 PM
10	Safety in the classroom and athletic fields in regards to everyone adhering to guidelines.	6/29/2020 5:43 PM
11	What happens when a student that has been coming to school and playing on a sports team tests positive?	6/29/2020 1:07 PM
12	My greatest concern is that students' mental health will continue to be negatively impacted without an opportunity to be in school and participate in normal activities (including athletics).	6/29/2020 12:21 PM
13	Assuming we don't go back to all students in school, high quality learning without all students present	6/29/2020 11:53 AM
14	My greatest concern is having another shutdown and trying to have remote learning again.	6/29/2020 11:04 AM
15	How to properly and safely maintain social distancing when the guidelines seem to change daily/weekly. How does it then pertain to athletics? We are currently being asked to keep students at least 3 feet away from each other. How feasible is this? Are we being set up to fail? Will the 3 foot "rule" apply to athletics or is it going to be a recommendation? If the rule applies, golf is most likely the only fall sport that can be played and regulated properly.	6/29/2020 10:25 AM
16	If we only open on different days for different grade levels we will not be able to have sports this Fall. Being a Regional school and transportation and distance children would have to travel just for practices wouldn't work.	6/29/2020 10:19 AM
17	Keeping people well; mentally, physically and spiritually!	6/29/2020 9:55 AM
18	Safety procedures for student-athletes in each sport and the added financial costs to school districts.	6/29/2020 8:45 AM
19	Safety of staff and students	6/28/2020 9:15 AM
20	Just the fact that we may not be able to have everyone in the building at the same time.	6/28/2020 8:23 AM
21	BUDGET - travel is going to be a HUGE expense What is someone tests positive - and all the steps that follow	6/26/2020 6:02 PM
22	not having students in school	6/26/2020 9:57 AM
23	Executing all of the precautions and mitigation actions under DESE guidelines. I am also very concerned about not having kids in school due to the harm it causes them.	6/26/2020 9:53 AM
24	Planning for the school year with so many unknowns.	6/25/2020 7:19 PM
25	A second outbreak...	6/25/2020 5:06 PM
26	Not having sports for our students.	6/25/2020 3:52 PM
27	Will be able to keep our students and staff safe.	6/25/2020 2:34 PM
28	What learning structure will be used.	6/25/2020 2:22 PM
29	What will happen if there is a spike in the fall and/or winter.	6/25/2020 1:43 PM
30	The ability to safely educate the students in a way that is both efficient and allows us to	6/25/2020 1:29 PM

MIAA COVID-19 Task Force Survey

advance the curriculum without knowing what perimeters we will required to use.

31	Starting school and after school activities	6/25/2020 12:16 PM
32	Having remote learning and the ability of student athletes to get to practices and games. Having some form of athletics for our student athletes to keep them engaged in school work and connected to others.	6/25/2020 11:45 AM
33	keeping social distancing	6/25/2020 11:16 AM
34	disinfecting equipment and locker rooms	6/25/2020 11:02 AM
35	DESE and State Guidelines for Safety. Student and staff health.	6/25/2020 10:52 AM
36	Keeping students, coaches, officials, and parents safe	6/25/2020 10:30 AM
37	staff and students getting sick; possibility of deaths; inability to get subs for teachers out for 2 weeks	6/25/2020 10:29 AM
38	My greatest concern would be coming up with a plan for students to become actively engaged in their schools, and allowing students to get the valuable skills attained through educational athletics. This all comes with ensuring the risk of students and staff contracting the virus are minimized, if not eliminated.	6/25/2020 9:13 AM
39	Spacing in the building. As to athletics, the parameters of kids getting water, staying separate are major concerns.	6/25/2020 8:57 AM
40	The challenge of navigating a spike and being able to transition back and forth from a remote learning module, coupled with the challenges of curricula frameworks/scope and sequence prioritization.	6/25/2020 7:55 AM
41	Student safety and a sense of normalcy.	6/25/2020 1:21 AM
42	not having a Fall Sports Season	6/24/2020 9:27 PM
43	Having limited students at the school at any one time.	6/24/2020 6:38 PM
44	Transportation, social distancing, class sizes,	6/24/2020 5:56 PM
45	Social distancing guidelines	6/24/2020 4:36 PM
46	Transportation of athletes and academic scheduling	6/24/2020 4:30 PM
47	An outbreak at my school.	6/24/2020 4:12 PM
48	rise in the spread of Covid-19	6/24/2020 3:18 PM
49	How to teach classes with only 10-12 students, Transportation	6/24/2020 2:32 PM
50	Busing and lunches	6/24/2020 2:25 PM
51	Moving too quickly and worsening the health situation.	6/24/2020 1:11 PM
52	My greatest concern would be coming up with a plan for students to become actively engaged in their schools, and allowing students to get the valuable skills attained through educational athletics. This all comes with ensuring the risk of students and staff contracting the virus are minimized, if not eliminated.	6/24/2020 12:10 PM
53	Speaking on the athletics side, maintaining social distancing with fans. Transporting teams to away games if the guidelines are calling for limited numbers on buses.	6/24/2020 11:24 AM
54	It's a virus. If the heat is not slowing it down right now (as evidenced by the southeast, TX, and CA), what will slow it down short of a vaccine? Many students in close proximity increases the likelihood of the virus continuing to vector.	6/24/2020 11:21 AM
55	My greatest concern is the timeframe in which is needed to plan accordingly for whatever direction we go in the Fall.	6/24/2020 11:09 AM
56	Locker rooms sanitation Transportation	6/24/2020 11:04 AM
57	That each district will decide how their school day will run. Needs to be the same across the board for all schools	6/24/2020 10:56 AM

MIAA COVID-19 Task Force Survey

58	Clarity as to who will be in charge of monitoring sanitization during practices and contests.	6/24/2020 10:38 AM
59	Having to close a practice if a player comes up positive. How do you run a season if teams have to sit out with players being quarantined?	6/24/2020 10:21 AM
60	Safety, mental health and logistics	6/24/2020 9:41 AM
61	A second Wave of the Virus.	6/24/2020 9:14 AM
62	Transportation with social distancing	6/24/2020 8:07 AM
63	Overall safety of the students. The possibility of starting and stopping a season. Athletics contributing to a spike. Continued mental impact on students -- they thrive on sports. Need for clarity when it really isn't possible.	6/24/2020 5:52 AM
64	Any contact with students without masks/ppe. Without an effective vaccine or 'herd immunity' or effective treatment, I don't see how any form of "normalcy" can exist.	6/23/2020 11:43 PM
65	A second wave or surge of cases	6/23/2020 9:34 PM
66	That there is a mandate that sports are not allowed to be played in any way, shape or form- even internally.(intramurals)	6/23/2020 4:38 PM
67	The second wave of COVID	6/23/2020 3:28 PM
68	The micromanaging by all the elected officials, state committees, sports committees and task forces. Concerns and guidelines are great but micromanaging does more harm than good. In many situations, micromanaging makes it impractical if not impossible to move forward, financially, physically, and logistically. There is a lot of mixed and conflicting data available and many decisions are made based upon data that is constantly changing. Too many well intentioned people are trying to micromanage everyone eases life and circumstances.	6/23/2020 2:50 PM
69	Hopefully people will continue to be smart and continue to do the right things. Hand washing, social distancing, masks ect.	6/23/2020 2:49 PM
70	I don't think we can follow what is being leaked out as far as the spacing of students.	6/23/2020 2:01 PM
71	My greatest concern for the 2020-2021 school year related to COVID-19 is the preparation of the worse case scenario. I know that sounds crazy. Our school is shared with the sisters' residence and all of them are elderly. I would hate to see a case at the school from athletics to affect the sisters. I just want to be prepared.	6/23/2020 1:17 PM
72	- the number of students allowed in a classroom for academic instruction - the number of athletes permitted to ride on a bus to away games	6/23/2020 1:17 PM
73	Safety of all members for the school community and our ability to be fluid with how the academic process will be managed. Strongly believe there will be periods of Remote Learning going forward.	6/23/2020 1:02 PM
74	Physical distancing spacing requirements in the classrooms and vocational programs (sanitizing tools), lunch, restrooms, bus transportation requirements and outbreaks	6/23/2020 12:44 PM
75	Transportation	6/23/2020 12:23 PM
76	Developing a hybrid model of learning.	6/23/2020 12:10 PM
77	Closeness of students/athletes, social distancing	6/23/2020 12:03 PM
78	A spike in cases that forces closure. Athletics being completely cancelled.	6/23/2020 12:01 PM
79	Not having athletics	6/23/2020 11:33 AM
80	The cancellation of athletics	6/23/2020 11:27 AM
81	Maintaining student engagement if face to face instruction and extra curriculars have to be reduced or eliminated.	6/23/2020 11:27 AM
82	Concerned if there ends up being a lack of specific guidance for schools/sports from the state of MA, and the resulting trickle-down of indecisiveness which would occur... leading to delays and/or cancellations.	6/23/2020 11:27 AM
83	Transportation & staff members at risk	6/23/2020 11:17 AM

MIAA COVID-19 Task Force Survey

84	Overreaction by state officials. Having 30% of your school population in the building is an impossibility for families. COVID specific concerns are the precautions needed and PPE	6/23/2020 11:02 AM
85	Implementation of all of the social distancing guidelines and the cost associated with it.	6/23/2020 11:02 AM
86	Financial impact, being able to be compliant with the guidelines established, what happens if someone contracts the virus from my school or another school we are playing, officials, spectators	6/23/2020 10:51 AM
87	To be honest, I am more than confident we would be able to return to school with little issue if we are allowed to. That being the operative word, "allowed to." In other words, my greatest concern is the school year being derailed due to overreactions/overreach by those charged with making decisions.	6/23/2020 10:51 AM
88	The health and safety of the students.	6/23/2020 10:51 AM
89	Safety	6/23/2020 10:40 AM
90	not providing kids with athletics	6/23/2020 10:37 AM
91	Scheduling and the regulations on class size and transportation..... if we have double sessions for classes or one week on.. ..one week off.	6/23/2020 10:30 AM
92	Planning for the unknown and the funding for mandates.	6/23/2020 10:28 AM
93	Coming back too soon and having another spike, setting us back even further.	6/23/2020 10:26 AM
94	Certain (smaller) districts and school that will be able to open and participate while larger districts and schools will have far more restrictions	6/23/2020 10:25 AM
95	Not sure how to answer this one but here are a few: safety of students, transportation, locker rooms, etc...	6/23/2020 10:20 AM
96	Keeping staff and students safe.	6/23/2020 10:19 AM
97	social distance requirements - If 6 ft, how do we run athletics/extra curriculars?	6/23/2020 10:14 AM
98	Transportation, and a second wave	6/23/2020 10:11 AM
99	My chief concern is that if we don't fully return to school that athletics will not be allowed to commence.	6/23/2020 10:07 AM
100	Distance learning and no sports.	6/23/2020 9:55 AM
101	remote learning	6/23/2020 9:43 AM
102	Budgets and bus budgets	6/23/2020 9:39 AM
103	Experiencing an outbreak among our students.	6/23/2020 9:32 AM
104	Health + safety of all	6/23/2020 9:26 AM
105	Students falling behind academically, artistically, athletically, and socially.	6/23/2020 9:24 AM
106	Student, staff, and family safety.	6/23/2020 9:22 AM
107	Students not being in the classrooms during the day. This is negatively impact students in our school. Issues with technology and internet availability hurt our students this spring and that could carry over in the fall. The social emotional well-being of our students is also a priority. Having some normalcy back in their lives will help. While the transition will be difficult at first, it's a need that is being overlooked during this pandemic.	6/23/2020 9:16 AM
108	The kids need to play sports!	6/23/2020 9:14 AM
109	Making sure no one comes to school if feeling sick and/or if anyone in their household is sick and monitoring that to limit outbreaks in school.	6/23/2020 9:12 AM
110	The safety and well-being of our students and staff and setting up protocols for when a student or staff member tests positive for COVID-19 or is exposed to someone who has tested positive.	6/23/2020 9:00 AM
111	Playing fall sports	6/23/2020 8:57 AM
112	A resurgence of cases, protecting at risk students and staff.	6/23/2020 8:51 AM

MIAA COVID-19 Task Force Survey

113	Budget conscious restrictions to allow return to play during Covid 19 pandemic. Transportation and locker room facilities requirements for safety concerns of both visiting and home member schools	6/23/2020 8:43 AM
114	My school district is leaning toward a hybrid model at the moment. We are a regional school. How do get athletes to school for practices and contests on days when they are learning virtually?	6/23/2020 8:43 AM
115	Transportation & locker room use	6/23/2020 8:41 AM
116	Resurgence of cases	6/23/2020 8:22 AM
117	The safety of the student athletes, coaches, and officials should be the primary concern. The second should be finding a way for the students to play their sport- championships can wait- getting the students with their teammates, playing the sport they love should be the goal- whether that is regional, within the league or otherwise.	6/23/2020 8:22 AM
118	large scale transmission amount students	6/23/2020 8:08 AM
119	Maintaining the safety of our student-athletes and coaches. Opening of school and then a resurgence of the virus and a shutdown occurs.	6/23/2020 7:57 AM
120	I am concerned about the older staff members in the building.	6/23/2020 7:44 AM
121	Immediate spike in cases due to the large gatherings	6/23/2020 7:43 AM
122	Following all the guidelines and the cost.	6/23/2020 7:21 AM
123	We need to test weekly and bi-weekly if possible. We have to be aware that we have teachers, staff, and coaches who are really afraid and susceptible to this virus.	6/23/2020 6:34 AM
124	The spreading of the virus.	6/23/2020 6:10 AM
125	How will we handle or respond to cases of COVID-19 if/as they come in terms of Physically being at both school and playing sports.	6/23/2020 5:55 AM
126	Health and well-being of students and staff	6/22/2020 9:44 PM
127	Cancelation of all extra/co curricular activities.	6/22/2020 9:30 PM
128	Student's social emotional health. Students need to return to school buildings with reasonable precautions. If they do not, their social emotional health will be damaged. Students need to interact with their classmates, friends, teachers and coaches and return to life as we know it if it can be safely done.	6/22/2020 9:29 PM
129	Unknown expenses that will be required to operate athletic programs.	6/22/2020 9:23 PM
130	Transportation, locker rooms, crowds at athletic events	6/22/2020 9:19 PM
131	As far as school goes 10 kids to a class will very difficult unless we split the enrollment Athletics Taking Temperature each day prior to games and practices, Budget cuts, Transporting kids to and from ect	6/22/2020 9:05 PM
132	safety and wellbeing of our student-athletes	6/22/2020 9:03 PM
133	scheduling teachers and students for core academics	6/22/2020 9:00 PM
134	financial	6/22/2020 8:25 PM
135	The amount of social distancing required to re-open for in person classes	6/22/2020 8:22 PM
136	The guidelines used will more restrictive than necessary based on the limited risk to young people.	6/22/2020 8:19 PM
137	The number of students allowed in the school by implementing the 6' social distancing guidelines.	6/22/2020 8:12 PM
138	The risk of exposure	6/22/2020 8:09 PM
139	Lack of guidelines from DESE until the point where the road in front of us is WAY too short.	6/22/2020 8:08 PM
140	Not being able to open up the school. These Children need to get back to school safely	6/22/2020 7:58 PM

MIAA COVID-19 Task Force Survey

141	Everything	6/22/2020 7:44 PM
142	Concern for the safety of players and coaches	6/22/2020 7:43 PM
143	I believe that the best way to approach the opening of schools is to open the buildings to classroom activities only and then after a period of time (October) begin to have after school activities include athletics. I feel having all programs start at the same time might increase the COVID-19 cases.	6/22/2020 7:36 PM
144	How to get as many students involved in activities and sports for their emotional and physical well-being	6/22/2020 7:34 PM
145	We will not be operating on a full schedule and then mixing students in for athletics defeats the hybrid model approach.	6/22/2020 7:33 PM
146	How we do sports if we have partial number of students allowed to go to school?	6/22/2020 7:29 PM
147	Staff/students wearing masks all day and keeping expected "distance" from each other.	6/22/2020 7:29 PM
148	Spike in CoVid cases during the fall	6/22/2020 7:16 PM
149	Keeping students and staff healthy	6/22/2020 7:15 PM
150	adhering to state mandates on safety regulations	6/22/2020 7:09 PM
151	How to transport students via school bus with current guidelines	6/22/2020 6:40 PM
152	The loss of sports for the fall and potentially the winter season.	6/22/2020 6:38 PM
153	shutdowns and cancellations of seasons	6/22/2020 6:35 PM
154	What would occur if a player of 1 of our teams or an opposing player tests positive? Would the entire team quarantine or just the player? What would that scenario look like?	6/22/2020 6:35 PM
155	The ongoing impact of COVID-19 on sports and school operations	6/22/2020 6:32 PM
156	Having all students in the building due to busing restrictions	6/22/2020 6:12 PM
157	As Athletic Director, my fear is that there will not be a Fall season. And if we are allowed to have a season, how can practices/games be possible without fully resuming normal practices.	6/22/2020 5:55 PM
158	Being able to prevent an outbreak once sports resume.	6/22/2020 5:51 PM
159	Even if we do return to school using a hybrid method I'm the fall, my district seems to be reluctant of having sports in the fall. Our budget is also playing a large role in the possibility of eliminating fall sports.	6/22/2020 5:41 PM
160	Student and Staff safety	6/22/2020 5:39 PM
161	The school hasn't been open in 3 months. I'm concerned that if we go back to normal to soon, COVID 19 could spread quickly. Especially in football	6/22/2020 5:39 PM
162	Being able to have a year with minimal extended interruptions.	6/22/2020 5:29 PM
163	Social distancing Transportation Ability to institute safety protocols Old building poor ventilation Pool of officials	6/22/2020 5:29 PM
164	Difficult to navigate when restrictions and regulations are constantly changing and real answers are hard to find.	6/22/2020 5:27 PM
165	Busing and the ability to provide the amount of PPE needed	6/22/2020 5:23 PM
166	Serious illness with staff and students	6/22/2020 5:21 PM
167	Providing a safe environment for learning for ALL students. As a fairly large district K-12 6800 students, it seems very unlikely we can provide that based on protocols of class size, costs of PPE and transportation.	6/22/2020 5:20 PM
168	Funding, staffing, safety.	6/22/2020 5:18 PM
169	If school/athletics can take place, I'm concerned about procedures surrounding a positive test and what that would mean for a team or in a specific classroom. If an athlete on the golf team	6/22/2020 5:13 PM

MIAA COVID-19 Task Force Survey

test positive, what happens next? Are teammates required to get tested? Does the team automatically forfeit matches? How/when do they return to the classroom?

170	Safety of the kids. Ability to education properly	6/22/2020 5:11 PM
171	Contact sports and providing proper safety measures.	6/22/2020 5:08 PM
172	Students who are themselves a high risk individual, students who have family members in their households who have high risk individuals, and faculty members who are themselves high risk or live with people who are high risk. Exposure is exposure, and we should be providing students and teachers the opportunity to CHOOSE virtual if that's what suits their needs. A hybrid isn't a compromise, because these individuals should not be exposing themselves to others, period.	6/22/2020 5:05 PM
173	Not being afforded an opportunity to administer athletics within appropriate guidelines ensuring safety for students and staff	6/22/2020 5:03 PM
174	The social emotional impact that more time away from school will have on our students.	6/22/2020 5:00 PM
175	Fans	6/22/2020 4:53 PM
176	Transportation	6/22/2020 4:53 PM
177	Families refusing to let their kids play sports if we are allowed to play	6/22/2020 4:45 PM
178	Keeping students safe while providing quality education.	6/22/2020 4:44 PM
179	Social distancing class room normal at 24 but to social distance would have to be 8	6/22/2020 4:42 PM
180	Athletes safety	6/22/2020 4:41 PM
181	Limiting the number of students in a class.	6/22/2020 4:36 PM
182	With the data in Massachusetts showing not a single death of anyone under the age of 19, I am concerned that the students will return with too many restrictions. The restrictions should be geared toward protecting staff. I am also very worried about the budget. The loss of gate receipts will have a dramatic impact on our school.	6/22/2020 4:35 PM
183	Balancing the safety and wellbeing of students with the need to make rigorous academic progress.	6/22/2020 4:34 PM
184	Person-to-person contact	6/22/2020 4:32 PM
185	Over reaction to cases showing up in SA populations	6/22/2020 4:28 PM
186	The infection rate increasing due to sports.	6/22/2020 4:28 PM
187	Implementing High School sports	6/22/2020 4:27 PM
188	If students are attending school on a part time, revolving basis (two days per week, or one week on and one week off) and the protocols call for limited interaction, what does that mean for athletics?	6/22/2020 4:25 PM
189	Second wave, another extended closure	6/22/2020 4:24 PM
190	Health and safety for out students	6/22/2020 4:23 PM
191	Understanding the safety parameters recommended for high school sports. Transportation, if other schools do not have a similar fall opening plan, if schools do not open, how do we schedule games, ect.	6/22/2020 4:23 PM
192	Transportation Ability to maintain appropriate distancing between students Managing multiple cohorts of students who attend school on different days	6/22/2020 4:21 PM
193	Generally speaking, another spike of the virus is my chief concern. Regarding Fall Athletics, if we do go back to school at 25 or 50% capacity, I don't know how we can run an interscholastic athletic program. I can maybe, if allowed, run an intramural program at best.	6/22/2020 4:20 PM
194	Consistency in education for all students and the social-emotional well being of students	6/22/2020 4:20 PM
195	Limits of 10 students per class... transportation and sanitation	6/22/2020 4:19 PM
196	Providing the best possible opportunities for students while remaining safe.	6/22/2020 4:17 PM

MIAA COVID-19 Task Force Survey

197	Capacity at 50% Busing issues/ cost	6/22/2020 4:14 PM
198	How we react to new cases of covid once we have started school.	6/22/2020 4:14 PM
199	Sports a necessary part of active school life; also important part of college admission picture of many students; concerned to possibly have 2 spring seasons eliminated.	6/22/2020 4:13 PM
200	The capability to provide a safe atmosphere for everyone	6/22/2020 4:12 PM
201	Social distancing and cleaning requirements	6/22/2020 4:12 PM
202	Transportation	6/22/2020 4:10 PM
203	Health and safety of students and staff and how to monitor and supervise	6/22/2020 4:10 PM
204	Transportation Travel in between class Lunch/cafe	6/22/2020 4:10 PM
205	The biggest concern is keeping social distancing in classrooms and other spaces on campus	6/22/2020 4:10 PM
206	Preventing the spread of COVID-19. Being able to provide safe and educationally sound program for our students.	6/22/2020 4:08 PM
207	infections, disinfecting areas, budget	6/22/2020 4:07 PM
208	Transportation	6/22/2020 4:05 PM
209	Spacing requirements, transportation	6/22/2020 4:04 PM
210	Close contact for athletics	6/22/2020 4:04 PM
211	Not going back, and having to social distance	6/22/2020 4:04 PM
212	Restrictions on transportation	6/22/2020 4:04 PM
213	Class size restrictions when it comes to vocational programs and having students come to school for sports when they might be on virtual learning day	6/22/2020 4:03 PM
214	Not fully as normal.....but that wasn't an option	6/22/2020 4:03 PM
215	No guidance	6/22/2020 4:02 PM
216	attendance	6/22/2020 4:01 PM
217	The State may shut down schools again for in-person learning if the COVID-19 numbers spike, and the State starts restricting activities again.	6/22/2020 4:01 PM
218	Keeping everyone safe/Socially distances so we can go to school and play each day.	6/22/2020 4:00 PM
219	If there will be a resurgence of covid in the fall.	6/22/2020 4:00 PM
220	Football, wrestling, and maybe basketball/soccer/field hockey	6/22/2020 3:58 PM
221	Not having extra-curriculars such as sports. Whereas academic learning can take place virtually, the education and growth teens experience on the athletic field (arguably the best education teens get) can't be reproduced virtually.	6/22/2020 3:58 PM
222	Transportation for school and athletics	6/22/2020 3:57 PM
223	The ability to oversee too many guidelines Liability	6/22/2020 3:57 PM
224	Practicing and competing in most fall sports if social distancing, even to 3', is still a mandate and/or expectation.	6/22/2020 3:57 PM
225	Families With multiple children where both parents work being able to manage work an learning.	6/22/2020 3:56 PM
226	THE SAFETY OF OUR STUDENT-ATHLETES	6/22/2020 3:55 PM
227	Concerned with a start and then stop due to covid spike	6/22/2020 3:54 PM
228	Keeping the students, faculty and staff safe!	6/22/2020 3:53 PM
229	Whether or not we will be allowed to offer athletics.	6/22/2020 3:52 PM

MIAA COVID-19 Task Force Survey

230	As it relates to athletics: Buses. Also very concerned about social / emotional states of student athletes if we cancel seasons again	6/22/2020 3:52 PM
231	Transportation	6/22/2020 3:52 PM
232	State aid supporting our schools so we can return to business as normal. A reduction in state aid will eliminate athletic programming in some towns.	6/22/2020 3:51 PM
233	- Restrictions for number of athletes in one area. - Fall sports offerings - Transportation	6/22/2020 3:51 PM
234	Health and safety of student - athletes.	6/22/2020 3:50 PM
235	Providing a safe environment for students, coaches, fans. School bus guidelines.	6/22/2020 3:49 PM
236	Football	6/22/2020 3:49 PM
237	Attendance and transportation.	6/22/2020 3:48 PM
238	Bussing!! With numerous students in close proximity	6/22/2020 3:48 PM
239	\$\$\$\$,current regs impossible to keep everyone safe	6/22/2020 3:47 PM
240	Safety of staff and students.	6/22/2020 3:47 PM
241	Transportation and size of our building and lack of space to be socially distant.	6/22/2020 3:47 PM
242	Guidelines, Regulations, Health and Costs.	6/22/2020 3:45 PM
243	Financial Issues with Busing and Managing Guidelines with Masks, Hand Sanitizer, Sharing Equipment, Locker Rooms, etc and Managing Crowd Control	6/22/2020 3:45 PM
244	Student health and safety	6/22/2020 3:44 PM
245	Having to manage crowds. I'm confident we can keep student athletes safe but I'm very concerned about the management of our spectators.	6/22/2020 3:44 PM
246	No winter sports. Can we afford to run jv sports	6/22/2020 3:43 PM
247	Transportation	6/22/2020 3:43 PM
248	Safety and space	6/22/2020 3:39 PM
