Statewide Tournament Benefits

- Gender Equity issues addressed
- Schools play like-sized schools
- Path to Championships is equal
- Same format used across the state
- One seeding and qualifying method for all teams
- Allows teams from same area of the state or league to play for championship
- Brings state together; new opponents; ADs meet ADs from other parts of the state
- Student athletes compete against student athletes they know from other MIAA educational programs
Statewide Tournament Proposal

- All team sports will qualify the top 32 teams by division (modified rule 97)
- Teams not power seeded in the top 32 but meeting 50% qualifying criteria will be eligible for the tournament
- All team sports will be seeded by power ranking system
- Top 4 seeded teams placed in four brackets (1,2,3,4)
- The rest of bracket positions filled with remaining teams by power ranking system. After the top 32 teams are power seeded, the remaining teams with 50% or better record will be seeded from the bottom of each bracket
- All games will be at home site of higher seed for the Preliminary Play in games, Round of 32, Round of 16 and Round of 8
