8. Tournament Seeding Format (Sectionals)

1. Each Tournament seeding committee will seed no more than nine (9) wrestlers per weight class.
2. All other wrestlers will have their position drawn by lottery and placed in the first open bracket starting at the top of the chart and working down.
3. All MIAA sanctioned schools participating in sectional wrestling tournaments will adhere to the following seeding criteria in the order listed:
 1. Record Against Common Opponents (Head to Head First)
 2. A Contestant with a Superior Record Against Acknowledged Strong Opposition. (i.e. Wrestlers returning with post-season paperwork). **Click here for new point system that MUST BE USED when deciding criteria 2. Updated approved by the MIAA Wrestling Committee on 10/7/2016**
 3. A Contestant with Post Season Paperwork; (1st thru 7th place) (New England's, All-States, States, 1 thru 5 for Sections). Preference will be given to the Wrestler Back at the Same Weight. Consideration should be given to previous season's weight class.

If a round robin occurs between three competitors, such as: A defeats B, B defeats C, and C defeats A, **coaches must continue with the remaining seeding criteria.** If, after exhausting all criteria a tie still exists, the names will be drawn out of a hat to break the tie.

Head coaches are to submit all required paperwork at the seeding meeting. Teams, who have not submitted the paperwork before the start of the tournament, **will be disqualified** from the competition. Seeding can be re-opened by the Sectional Chairman or Tournament Director if either discovers an error in a team's paperwork that influenced a wrestler's position, or if a seeded wrestler changes weight class the day of the weigh-ins. If a seeded athlete does not compete for any reason, the weight class will not be re-seeded, all wrestlers seeded behind him will move up one position.

There is a limit of two coaches per team at the seeding meeting.

The team entry form is self-explanatory. You will have to make copies of the dual meet record form (one for each wrestler entered.) Please have the forms filled out before the seeding meeting.

You must also pass in all weigh-in sheets of the meets or tournaments in which your team competed.

The MIAA Wrestling Tournament Compliance Policy can be found below. **The Policy agreement "check box" can be found in the tournament entry section of members-only.** If you have any questions please call your divisional director.

9. Tournament Seeding Format (Divisional States)

Sectional champions will be seeded A1, B1, C1, and D1. All other wrestlers will fall into their respective slots in the 16-person bracket, A2, A3, A4, B2, B3, B4, etc. Only 5th place finishers at the sectionals will serve as alternates with the first alternate being from the sectional of the scratched wrestler followed by the highest seed (A5, B5, etc.). The alternate will be placed as the fourth place wrestler in that section and everyone else will move up one place (4th goes to 3rd, 3rd to 2nd, etc.) The order of each weight class will be:

<u>Upper Bracket</u>	<u>Lower Bracket</u>
A1	C1
D4	B4
C2	D3
B3	A2
B2	A3
C3	D2
A4	C4
D1	B1

10. Tournament Seeding Format (All-States)

The three divisional champs will be seeded first (A1), second (B1), and third (C1). The top 6 wrestlers from each Division will qualify and be placed in their respective slots. There will be two "pigtail" matches in each weight class (C6 vs. B6, and A6 vs. C5). There will be wrestling for 7th place at all three Divisional States. 7th place finishers at the Divisional States will serve as alternates, with the 1st alternate being from the division of the scratch wrestler, followed by the highest seed (A7, B7, etc). The alternate will be placed as the 6th place wrestler in that division and everyone will move up one place (6th goes to 5th and 5th goes to 4th, etc.).

The brackets for All-States in each weight class will follow this format:

<u>Upper Bracket</u>	<u>Lower Bracket</u>
A1	C1
C6	B5
B6	B4
C3	A2
B3	A3
C2	C4
A4	A6
A5	C5
B2	
	B1

11. Weigh-In Procedure:

To be used at all tournaments (Sectionals, Divisional States and All-States)

- At the two-day tournaments, a second day (Saturday morning at 10:00 AM) weigh-in will take place for the wrestlers still in the tournament with a "plus three (3) pound allowance".
- It is the responsibility of the head coach of each team competing in the tournament to have his/her wrestlers ready to weigh-in at the designated time. **No wrestler and/or team will be allowed to weigh-in late.**

-
- d. **Skin checks will take place conducted by the head referee and on-site trainer** before any wrestler is permitted to go to the scales. **(Wrestlers with skin conditions must present a doctor's note using ONLY the MIAA Medical Release Form (pg. 17) or they will not be permitted to enter the tournament.**
 - e. The host school will have two scales available prior to the weigh-in time for wrestlers to check their weight.
 - f. Weigh-ins will be conducted by the sectional representative and the host school coach at the sectionals, the divisional director, the divisional vice-president and the host coach at the states and by the state director, coaches' association president and the host coach at the All-States. (All other coaches must be out of the weigh-in area.)
 - g. Weigh-ins will be conducted "shoulder-to-shoulder" by weight classes. All 106 lbs. wrestlers first, followed by all 113 lbs. wresters etc. until the heavyweight wrestlers –maximum of 285 lbs.- have been weighed in.
 - h. When all wrestlers for a weight class have had an opportunity to weigh-in, the next weight class is called and that previous weight class is **closed**. Wrestlers must remain in the designated area throughout the weigh-in period until their weight class has been completed.
 - i. **Any wrestler not making weight on the first try will be given another opportunity to "make weight" immediately following the failed attempt, on the second or alternate scale. During time off the scale, activities that promote dehydration are prohibited.**

1. Wrestling Tournament Matches may be scheduled for March 11, 2017, the same date of the SAT and SAT Subject Tests. Please tell all coaches & student-athletes now so alternative plans may be made. A listing of all dates and sports that may take place on schedule College Board exam dates can be found on the MIAA website.

2. The College Board offers a SATR Program Alternate Test Date Policy. As stated in their published material: “The SAT Program will consider granting an alternate test date when the following criteria are met:”

a. The conflicting event must be unexpected. Regularly scheduled sporting events or previously scheduled school activities, such as a prom, are not considered unexpected. An event such as an academic or athletic competition, in which students have advanced through the competition or into post-regular season competition, can be considered an unexpected event.

3. SAT School Day: Allows high schools to administer the SAT to students during the school day, thus avoiding weekend athletic conflicts. To date, the MA school districts that participate are Plymouth, Springfield, Revere, and most recently Fitchburg. SAT School Day is contracted through the College Board with participating districts. ADDENDUM

WEIGHT CONTROL AND CERTIFICATION PROCEDURES

Enclosed are the necessary forms that must be used to properly certify your wrestlers for MIAA competition. Please take the time to review **Rule 84.4 Weight Control and Certification Procedures on pages 90 thru 93** of the MIAA Handbook to insure that you are aware of what needs to be done. All Deadlines must be met and all forms must be completed as directed in order for your wrestlers to be eligible for MIAA competition.

Notes:

1. The MIAA Minimum Weight Control Certificate **MUST** be on file in the Athletic Director's Office prior to the wrestler's first interscholastic competition. (See enclosed form.)
2. The MIAA Minimum Weight Control List must be submitted electronically to the MIAA prior to **December 8, 2016**. Any wrestler who joins the team after the list has been submitted must be added to the list **prior** to his first competition. The Athletic Director should call the Divisional Director and then mail an updated list ASAP. (See enclosed form.)
3. To qualify at a certain weight for MIAA sectional and state tournaments, a wrestler must make weight at his/her certified weight class at scratch weight **at least once** during the season, **shoulder to shoulder in front of an opposing coach. The opposing coach must sign the weigh-in sheet verifying the scratch weight.** Wrestler must achieve scratch weight if the first weigh-in occurs after the 2 lb. allowance is granted on **January 1st** each year.
4. No wrestler can utilize the two pound weight allowance until he/she has made scratch weight. He/she must also weigh in at base weight (scratch plus any rulebook allowance) 60% of the varsity days of competition on which the wrestler competes. **A wrestler may qualify for scratch weight whether or not he/she competes that day.** Rulebook weight allowances count towards the 60% certification.
5. The home weigh-in period **MUST** take place:
 - ONLY during the 60 minute period immediately prior to the start of the academic school day.
 - ONLY during a SINGLE 60-minute period between 6:00 AM and 12:00 Noon for matches beginning **after** 3:00 PM on a non-school day. All other weigh-ins on a non-school day must be at base weight.

IMPORTANT! Both the coach and a school administrator (the Principal or his/her designee) must sign each and every weigh-in sheet. The school administrator need not be present at the weigh-ins, but must sign the sheet to validate the weigh-in.

MASSACHUSETTS INTERSCHOLASTIC ATHLETIC ASSOCIATION

**MASSACHUSETTS INTERSCHOLASTIC ASSOCIATION
OFFICIAL RELEASE FORM FOR WRESTLER TO
PARTICIPATE WITH SKIN LESION(S)**

Thank you for agreeing to evaluate this student-athlete with a skin lesion that may be infectious in origin. In the wrestling community, skin infections are a common cause of disqualification from wrestling practice and competition.

Data from collegiate and high school injury reports indicate that 20% of lost practice time in wrestling is due to an infection. NCAA data indicates that 40% of the reported infections are due to the Herpes Simplex virus. This virus is the causative agent of Herpes Gladiatorum (HG). The attack rate of this infection has been estimated to be 34%. Recurrent HG (HSV- I) will have milder symptoms and a less prominent rash when compared to an initial infection with HG. HSV infections are more common than impetigo in this population. A visual diagnosis is not sufficient given the attack rate of HSV thru the skin to skin transmission during wrestling practice and competition.

Wrestlers with a cold sore should not be permitted to compete or participate in wrestling practice. The infections associated with the sport of wrestling have a predilection for the face and neck. Unfortunately the face and forehead of an adolescent wrestler are associated with a background of acne, abrasions and contusions. The skin trauma that occurs in this sport will alter the typical appearance of a skin infection and an atypical appearance must be anticipated. The Massachusetts wrestling community has had a number of outbreaks of Herpes Gladiatorum in recent years. Wrestling competition has been suspended in a number of other states due to an increased frequency of Herpes Gladiatorum.

Accurate diagnosis is important for the management and isolation of any infection that can occur on a wrestling team. The use of culture data or molecular infectious disease testing is encouraged. The visual appearance of skin infections can be similar. It is difficult to manage outbreaks without laboratory data. Test results can influence the choice of active treatment or prophylactic therapy. Post exposure management of exposed teammates and competitors is also dependent on an accurate diagnosis. This is particularly important when Herpes Gladiatorum or MRSA is suspected. Prophylaxis with anti-viral medication has been shown to be very helpful for HG.

Non-contagious lesions do not require treatment prior to participation. The presence of a communicable skin lesion shall be full and sufficient reason for disqualification. Once a lesion is considered non-contagious it may be covered during participation. Please note the following National Federation of High School wrestling rules:

Rule 4-2-3 ... If a participant is suspected by the referee or coach of having a communicable skin disease or any other condition that makes participation appear inadvisable, the coach shall provide current documentation from an appropriate health-care professional stating that the suspected disease is not communicable and that the athlete's participation would not be harmful to any opponent. This document shall be furnished at the weigh-in for the tournament. The only exception would be if a designated, on site meet appropriate health-care professional is present and is able to examine the wrestler either immediately prior to or immediately after the weigh-in. **COVERING A COMMUNICABLE CONDITION SHALL NOT BE CONSIDERED ACCEPTABLE AND DOES NOT MAKE THE WRESTLER ELIGIBLE TO PARTICIPATE.**

Rule 4-2-5....A contestant may have documentation from a health care professional indicating a specific condition such as birthmark or other non-contagious skin conditions such as psoriasis or eczema, and that documentation is valid for the duration of the season. It is with the understanding that a chronic condition could become secondarily infected and require re-evaluation.

Please consider the following treatment guidelines that suggest the MINIMUM treatment that is necessary before considering a return to wrestling practice or competition:

Herpetic lesions (cold sores, fever blisters, herpes simplex, herpes gladiatorum and herpes zoster) in order to be considered non-contagious all lesions must be scabbed over with no oozing or discharge and no new lesions should have occurred in the previous 48 hours. A wrestler cannot compete with an untreated cold sore. PRIMARY HERPES GLADIATORUM (initial episode) wrestlers should be treated and not allowed to participate for TEN days. If the wrestler has a fever or adenopathy the treatment duration can be extended to 14 days. RECURRENT herpetic infections will be less obvious and require a minimum of 120 hours of treatment as long as no new lesions have developed and all of the lesions are scabbed over.

BACTERIAL diseases (folliculitis, boil, abscess, Impetigo, cellulitis) to be considered non-contagious, all lesions must be scabbed over and no new lesions should have occurred in the last 48 hours. 3 days of an oral antibiotic is the minimum duration to achieve this status. If new lesions develop or drain after 72 hours please consider MRSA, the minimum duration of oral antibiotics should be extended to 10 days and return to participation should not occur until all lesions are scabbed over.

Tinea infections (ringworm of scalp or skin) oral or topical treatment for 72 hours for skin infection and 14 days of oral medication for scalp infections.

Scabies/ Head Lice (24 hours after treatment), **Molluscum** (24 hours after curretage), **Conjunctivitis** (24 hours of topical or oral medication and no discharge.
