B. SEEDING

The position of teams is determined by the percentage method, i.e. total number of games won divided by total number of games played, results in the percentage rating. ***Ties will be broken by lottery or coin flip.*** When teams are tied in the tournament seeding and the preliminary or projected first game opponent is from the same league the Tournament Director along with the Seeding Committee will break the tie by precluding that round game when possible. (A bye is considered a game) In the West, the Walker System will be used for seeding purposes.

1A/Super 8

Games that have been excluded by schools to NOT count for MIAA seeding won loss percentage records will be considered by the 1A/Super 8 selection committee.

1A/Super 8 Selection/Seeding Procedure

The IA Tournament will consist of Eight MIAA baseball teams regardless of pre-season divisional classifications or geography. All requests cannot be satisfied, however, all will be addressed sensitively and fairly. I. PLAYING RULES

- RULES are those of the latest Official Rules of Major League Baseball (http://mlb.mlb.com/mlb/official_info/official_rules/foreword.jsp) available through Triumph Books with the following MIAA modifications:
1. All games in Division I, II, III and IV are scheduled for 7 innings. Division IA/Super 8 games are scheduled for 9 innings..
 2. All players must wear batting helmets of the full protection type, including double ear flaps and visor, while at bat, or while coaching the bases.
 3. Catcher **MUST** wear full crown protective helmet.
 4. Adult coaches *may* coach at first and third bases.
 - a. Any coach who chooses to do so must be in full baseball uniform.
 - b. An adult coach approved by the school's administration must remain on the team bench at all times.
 - c. On-field adult base coaches will be required to wear a protective helmet. The adult protective helmet can be a hard liner shell that fits inside the baseball cap (skull cap), a one flap, two flaps or no flap batting helmet.
 5. MIAA will follow the baseball bat standards established by the NFHS Baseball Rules Committee. "Bats that are not made of a single piece of wood shall meet the Batted Ball Coefficient of Restitution (BBCOR) performance standard, and such bats shall be labeled with a silkscreen or other permanent certification mark" (**Reference:** NFHS Rules 1-3-2 through 1-3-5). **Penalty for using an illegal bat:** "A batter is out if he enters the batter's box with an illegal bat or is discovered having used an illegal bat. If the infraction is discovered before the next pitch following the turn at bat of the player who used an illegal bat, the defense may take the penalty or the result of the play (NFHS Rule 7-4-1-a).
 6. A designated hitter can be used for any player. (See M below)
 7. When a coach goes to pitcher's mound twice in one inning the pitcher must be removed from pitching duties for the rest of the game. He may remain in the game at another position.
 8. The NFHS re-entry rule (reference NFHS Rules 3-1-1 through 3-1-6) will be in effect for the entire tournament. Any of the starting players may be withdrawn and re-entered once, provided such player occupies the same batting
-

position whenever he is in the lineup. **Exception:** The designated hitter may not re-enter the game. A substitute who is withdrawn may not re-enter. After the umpire has received the official lineup card prior to the game, the player listed as pitcher shall pitch until the first opposing batter has been put out or has advanced to first base. A starting pitcher who is replaced in the top of the first inning while his team is at bat and does not face one batter, may play another position, but not return to pitch.

9. Coaches are responsible to present to the umpire and opposing coach at the home plate pre-game meeting a lineup card to include the starting line-up and eligible players with their number.
10. The "Strike Two" Rule will be included for Tournament Play. (MIAA Handbook Rule 65.13)
11. The NCAA Force-Play-Slide Rule and NCAA Collision Rule will be in effect for all tournament games. (See sections H and I below)
12. Prior to Sectional Semi-final rounds and Round 4 in the 1A/Super 8 Tournament, a regulation game shall be declared, if a team is leading by 15 or more runs after 5 complete innings (or 4 ½ if the home team is ahead). (MIAA Handbook Rule 65.14)

J. NCAA FORCE-PLAY-SLIDE RULE (NCAA Rule 8, Section 4):

The intent of the force-play-slide rule is to ensure the safety of all players. This is a safety and an interference rule. Whether the defense could have completed the double play has no bearing on the applicability of this rule. This rule pertains to a force-play situation at any base, regardless of the number of outs.

- a. On any force play, the runner must slide on the ground before the base and in a direct line between the two bases. It is permissible for the slider's momentum to carry him through the base in the baseline extended.

Exception - A runner need not slide directly into a base as long as the runner slides or runs in a direction away from the fielder to avoid making contact or altering the play of the fielder. Interference shall not be called.

1. "On the ground" means either a head-first slide or a slide with one leg and buttock on the ground before the base.
 2. "Directly into a base" means the runner's entire body (feet, legs, trunk and arms) must stay in a straight line between the bases.
- b. Contact with a fielder is legal and interference shall not be called if the runner makes a legal slide directly to the base and in the baseline extended.
A.R. - If contact occurs on top of the base as a result of a "pop-up" slide, this contact is legal.
 - c. Actions by a runner are illegal and interference shall be called if:
 1. The runner slides or runs out of the base line in the direction of the fielder and alters the play of a fielder (with or without contact).
 2. The runner uses a rolling or cross-body slide and either makes contact with or alters the play of a fielder;
 3. The runner's raised leg makes contact higher than the fielder's knee when in a standing position;
 4. The runner slashes or kicks the fielder with either leg; or
 5. The runner illegally slides toward or contacts the fielder even if the fielder makes no attempt to throw to complete a play.

Penalty for 1-5

1. With less than two outs, the batter-runner, as well as the interfering runner, shall be declared out and no other runner (s) shall advance.
2. With two outs, the interfering runner shall be declared out and no other runner(s) shall advance.
3. If the runner's slide or collision is flagrant, the runner shall be ejected from the contest.
A.R. - If the bases are loaded with no outs, a double-play attempt is made, and interference is called, all other runners must return to their original bases.

K. NCAA COLLISION RULE (NCAA Rule 8, Section 7):

The rules committee is concerned about unnecessary and violent collisions with the catcher at home plate, and with infielders at all bases. The intent of this rule is to encourage base runners and defensive players to avoid such collisions whenever possible. When there is a collision between a runner and a fielder who clearly is in possession of the ball, the umpire shall judge:

If the defensive player blocks the base (plate) or base line with clear possession of the ball, the runner may make contact, slide into or make contact with a fielder as long as the runner is making a legitimate attempt to reach the base (plate). Contact above the waist that was initiated by the base runner shall not be judged as an attempt to reach the base or plate.

1. The runner must make an actual attempt to reach the base (plate).

Penalty – If the runner attempts to dislodge the ball or initiates an avoidable collision, the runner shall be declared out, even if the fielder loses possession of the ball. The ball is dead and all other base runners shall return to the last base touched at the time of the interference.

2. The runner may not attempt to dislodge the ball from the fielder. Contact above the waist shall be judged by the umpire as an attempt by the runner to dislodge the ball.

Penalty – If the contact is flagrant or malicious before the runner touches the plate, the runner shall be declared out and also ejected from the contest. The ball is immediately dead and all other base runners shall return to the last base touched at the time of the interference.

3. The runner must attempt to avoid a collision if he can reach the base without colliding.

Penalty – If the contact is flagrant or malicious after the runner touches the base (plate), the runner is safe, but is ejected from the contest. The ball is immediately dead and all other base runners shall return to the last base touched at the time of the interference. If this occurs at any base other than home, the offending team may replace the runner.

If the contact occurs after the preceding runner touches home plate, the preceding runner is safe. The ball is immediately dead and all other base runners shall return to the last base touched at the time of the contact.

4. If the runner's path to the base is blocked and 1, 2 and 3 are fulfilled, it is considered unavoidable contact.

L. PROTEST OF A MISAPPLIED RULE

Protests must be settled on the playing field by the crew of officials.

M. DESIGNATED HITTER RULE FOR PITCHER AND DEFENSIVE PLAYER

- A hitter may be designated to bat for any players and all substitutes for that player in any game without otherwise affecting the status of the players in the game. A designated hitter for a player must be selected prior to the game and must be included in the lineup cards presented to the umpire before the game.
- It is not mandatory that a team designate a hitter for a player but failure to do so before a game precludes the use of the designated hitter in that game.
- Pinch hitters for the designated hitter may be used. Any substitute hitter for the designated hitter becomes the designated hitter. A replaced designated hitter shall not re-enter the game in any capacity.
- The designated hitter may be used defensively, continuing to bat in the same position in the batting order, but the player he had been hitting for must then bat in the place of the substituted defensive player, unless more than one substitution is made, then the coach must designate their spots in the batting order. Once a designated hitter assumes a defensive position, the move shall terminate the designated hitter rule for the remainder of the game. A substitute for the designated hitter need not be announced until it is the designated hitter's turn to bat.
- A runner may be substituted for the designated hitter and the runner assumes the role of the designated hitter. A designated hitter may not pinch run.
- A designated hitter is locked into the batting order. No multiple substitutions may be made that will alter the batting order and rotation of the designated hitter.
- Once the player for whom the designated hitter has been hitting enters the game offensively either as a pinch hitter or pinch runner, this move will terminate the designated hitter rule for the remainder of the game. In the case of the defensive substitution, if a defensive substitution is made for the player whom the designated hitter is hitting for, he may play only defense. However, once in the game, he could pinch hit for the designated hitter thus termination of the designated hitter rule occurs for the remainder of the game. If a player pinch hits for the designated hitter and takes the place of the player for whom the designated hitter has been hitting, this move will terminate the designated hitter for the remainder of the game.

-
- If the designated hitter enters the game defensively for a player other than the defensive player the designated hitter had been hitting for, the designated hitter will maintain the same position in the batting order and the defensive player who the designated hitter had been hitting for will assume the position in the batting order of the player who leaves the game. Once the designated hitter enters the game, the use of the designated hitter is ended.

N. MEDICAL COVERAGE

- A licensed athletic trainer, physician, physician's assistant, certified EMT, or nurse practitioner will be available at all contests. This coverage will be provided and paid for by the Host School in tournament rounds which is usually at the site of the higher seeded team. The MIAA will provide for this coverage at MIAA designated neutral sites.
