Workshop Presenter

Tom Hermanowski, Executive Director, ADAPT Consultants

Workshop Description

We often hear about the misuse and abuse of alcohol, narcotics, over the counter and prescription medications, and students who are “high” in school. Substance abuse affects school climate, individual and team performance, and often results in tragic consequences.

Playing The Game Straight, is a hands-on training that will help participants become aware of steps that can help to prevent the negative aspects of substance use/abuse on a student's performance and team. Designed for Coaches and advisors, team building, supporting the non-user, and helping a “teammate” in need will be discussed.

10 PDP'S are available for individuals who attend 3 or more workshops or who attend this workshop and complete an action plan for their school.

See flip side for registration information.
