# WHAT MAKES MOSQUITO SHIELD THE INDUSTRY LEADER?

## MORE SPRAYS

We actively monitor both mosquito populations and weather conditions and adjust your treatments as needed. On average, we spray every 10-17 days, a proven and effective approach that has us spraying 4-6 more times than the industry average.

## BETTER RESULTS

You can't control mosquitoes on a set number of sprays or visits. Unlike our competition, we service you for the season, whatever it takes to provide superior results. You benefit from our 25 years of experience.

## BEST PRICE

Our average price is half of our competitors cost and we back this up with a 7-day money back guarantee. We have many convenient ways to pay throughout the season, you can spread your payments out or pay in full and save.
